no concerns, I'm available either day preferably in the morning or early afternoon.

Subject Fw: Conference call with Ed Garvey

Let me know if you'd like to join me on this call.

Janine's expert is Mike Bruno - he is apparently familiar with CARP and is a hydrodynamic modeler.

Subject Conference call with Ed Garvey

NJDEP has questions on the empirical mass balance - so I will be setting up a conference call between NJDEP's expert and Ed Garvey (with Janine MacGregor and me) to see if we can answer those questions (otherwise, they will just come in as comments on 8/16).

Ed has said that he is available any time on Thurs or Fri.

Let me know if you have any concerns about this or whether you (or anyone else) would like to be on the call when it is scheduled.
